

# ASK MY PDF - Sprint Plan

## **Sprint 1 - Model Development**

- Deliver extraction, chunking, embeddings, FAISS index, and evaluation metrics.

## **Sprint 2 - API + UI**

- Expose /upload, /extract-text, /query, /history endpoints.
- Streamlit UI for upload, preview, chat, and history.

## **Sprint 3 - Security & Robustness**

- Validation, threat model, resilience testing, secrets management.

## **Sprint 4 - Packaging & Release**

- Documentation, README, demo checklist, folder structure verification.
